## D2. Changes to prescription drug coverage

### Changes to our Drug List

An updated *List of Covered Drugs* is located on our website at [www.amerihealthcaritasvipcareplus.com](http://www.amerihealthcaritasvipcareplus.com). You may also call Member Services at 1-888-667-0318 (TTY 711) for updated drug information or to ask us to mail you a *List of Covered Drugs*.

The *List of Covered Drugs* is also called the “Drug List.”

We made changes to our Drug List, including changes to the drugs we cover and changes to the restrictions that apply to our coverage for certain drugs.

Review the Drug List to **make sure your drugs will be covered next year** and to find out if there will be any restrictions.

If you are affected by a change in drug coverage, we encourage you to:

- Work with your doctor (or other prescriber) to find a different drug that we cover.
  - You can call Member Services at 1-888-667-0318 (TTY 711) to ask for a list of covered drugs that treat the same condition.
  - This list can help your provider find a covered drug that might work for you.
- Ask the plan to cover a temporary supply of the drug.
  - In some situations, we will cover a **temporary** supply of the drug during the first 90 days of the calendar year.
  - This temporary supply will be for up 30 days. (To learn more about when you can get a temporary supply and how to ask for one, refer to Chapter 5 of the *Member Handbook*.)
  - When you get a temporary supply of a drug, you should talk with your doctor to decide what to do when your temporary supply runs out. You can either switch to a different drug covered by the plan or ask the plan to make an exception for you and cover your current drug.

If you received permission from us in 2021 to use a drug that is not on our formulary, known as a formulary exception, in some instances you can continue to use that drug in 2022 as long as your doctor prescribes it for you. Maintenance drugs are drugs that you take on a regular basis for a chronic or long-term medical condition. Non-maintenance drugs are those taken for a shorter period of time, for example antibiotics. If you were prescribed a maintenance drug that had specific requirements that you met or were given permission from us to use in 2021, known as a coverage determination, in some instances you can continue to use this drug in 2022. However, if you received a coverage determination for a non-maintenance drug in 2021, you or your provider will need to again file a coverage determination request to continue using that drug in 2022.
